

Australian Dodgeball Federation

COVID 19 Statement

The ADF would like to provide clear guidelines for COVID 19 requirements relating to any ADF-run events and National Team training sessions, training camps and events. Please see further information below.

Local Events/Training

All participants must follow the state-specific COVID Safety Guidelines for organised community sport.

Interstate Events/Training

All participants must follow the state-specific COVID Safety Guidelines for organised community sport specific to the state the event/training is held.

For example, if a state where an event/training is being held requires double-vaccination to participate in community sport, all participants must be double-vaccinated to attend regardless of their home-state regulations.

For information on state-specific COVID Safety Guidelines, [this website](#) is a helpful resource.

Overseas Events/Training

All participants must follow the state-specific COVID Safety Guidelines for organised community sport specific to the state/country the event/training is held. This may be subject to specific airline/transport requirements.

The ADF expects all it's organisers & participants to practice COVID-Safe behaviours at all times. You can find further information about how to stay COVID-Safe on the [Australian Government website](#).
